

NAME OF THE MEDICINAL PRODUCT

Sodium Chloride 9 mg/ml and Glucose 50 mg/ml B. Braun Solution for Infusion

COMPOSITION

1000 ml of solution for infusion contain:

Sodium chloride	9.0 g
Glucose	50.0 g (as glucose monohydrate, 55.0 g)

Electrolytes

Sodium	154 mmol/l
Chloride	154 mmol/l

Excipient: Water for injection.

THERAPEUTIC INDICATIONS

Fluid and electrolyte substitution in hypochloremic alkalosis; isotonic dehydration; hypotonic dehydration; chloride losses; partial coverage of energy requirements; carrier solution for compatible electrolyte concentrates and medicinal products.

CONTRAINDICATIONS

Sodium Chloride 9 mg/ml and Glucose 50 mg/ml Solution for Infusion must not be used in cases of hyperhydration, hypertonic dehydration, untreated hypokalemia, metabolic acidosis, persistent hyperglycemia not responding to insulin doses of up to 6 units/hour, pulmonary or cerebral edema, decompensated heart failure.

UNDESIRABLE EFFECTS

Undesirable effects are listed according to their frequencies as follows:

Rare: (≥ 1/10 000 to < 1/1000)

Rare: Adverse reactions may be associated to the technique of administration including febrile response, infection at the site of injection, local pain or reaction, vein irritation, venous thrombosis or phlebitis. Adverse reactions may be associated with the medications added to the solution; the nature of the additive will determine the likelihood of any other undesirable effects.

Overdose or increased infusion rate may result in hyperhydration with increased skin tension, venous congestion, edema – possibly also pulmonary or cerebral edema -, dilution of serum electrolytes, electrolyte imbalances, notably hyponatremia, hyperchloremia and hypokalemia, acid-base imbalances, hyperglycemia and hyperosmolarity of serum (up to hyperglycemic-hyperosmolar coma).

WARNINGS

Keep out of the sight and reach of children. For single use only. Discard unused contents. Only to be used if the solution is clear and container and closure are undamaged.

NOTE

Prescription only

Not all products are registered and approved for sale in all countries or regions. Indications of use may also vary by country and region. Please contact your country representative for product availability and information.
